

Credit Card Payment Processing Option

SMS Turbo has partnered with PC Charge and Payware from Verifone* to allow you to process Credit Card and Debit Card payments right from your ticket entry screen.

Key Benefits

- ▶ Get Paid Immediately
- ▶ Reduce Outstanding Receivables
- ▶ Reduce Bad Debt
- ▶ Reduced Payroll Expense
- ▶ Reduce Bounced Check Fees
- ▶ Handle Less Cash
- ▶ Less Risk of Employee Theft
- ▶ Reduce Customer "Over Limit" Issues

*Accepting credit/debit cards for payment requires additional hardware, software and an on going service from a Credit/Debit Card Payment Processor. SMS Turbo uses PC Charge or Payware (from Verifone) software for credit and debit card transactions. For a list of Credit/Debit Card Processors that are certified to work with PC Charge & Payware please visit their web site at <http://www.verifone.com>
