

Delivery & Pick-Up Charges Option

Whether you are delivering your product to your customers or picking up waste & recyclables you need to manage the charges to make sure that this service is a source of profit, not a liability. The SMS Turbo Delivery & Pick-Up Charge option will help you do just that. The flexibility to charge based on mileage, units, locations* or any combination allow you to manage your business the way you want to.

Key Features

- ▶ Charge by the mile or kilometer
- ▶ Charge by the quantity (ton, pound, kilo, yard, etc.)
- ▶ Charge by the quantity per mile (Example: \$1.25 per ton, per mile. 4 tons at 6 miles = \$30.00)
- ▶ Charge by flat rate
- ▶ Delivery by Zone or Location*
- ▶ Don't forget the link to Map Quest online if you want to look up mileage!
