

Unattended & Touch Screen Options

SMS Turbo has provided ticket software for over 15 years. Our unattended solution allows ticketing operation to proceed without Weigh Master intervention. Now you can control gates and lights even provide messaging to the driver when they approach the scale. Today's technology provides many options for your business!

Traditional Screen

Touch Screen

Key Benefits

- ▶ After hours operation with less overhead
- ▶ No middle man (weigh master) needed
- ▶ RF, Mag Strip, and Bar Coded control options
- ▶ Controls gates and lights for security
- ▶ Interfaces with video/picture capturing
- ▶ Tickets can be updated manually when needed
- ▶ Great for exit scale operations when you only need to complete the ticket
- ▶ **Unattended never calls in sick**

*SMS Turbo Unattended is just one of the many options available with the SMS Turbo family of products. Check out our web site to see the full power of SMS turbo Scale Management Software
